## EPHESIANS HIS GLORY, OUR RICHES

## MARRIAGE EQUALITY, PART II

Genesis 1-3 | Pastor Ben Orchard January 15, 2017

If you are in a Life Group, take some time to answer these questions before your group meets:

## **GENESIS 1-3**

How would you define the roles of men and women in one sentence each?

What are three distorted or sinful views of the role of a man that are common in our culture today?

What are three distorted or sinful views of the role of a woman that are common in our culture today?

How have you seen sin, or the effects of sin, compromise your masculinity/femininity as a single person or in marriage?

What is it about redemption specifically that enables a recapturing of God's design?

What can you do to maximize the benefits of being redeemed as you live out God's design for your life as a man or a woman? (What resources can you take advantage of in Christ, what habits/disciplines can you develop, what relationships can you grow in, etc.)

What would you say to someone who objects to the idea of a fixed role for their life based on the gender they were born with?

**OUR MISSION** 

As we **proclaim biblical truth**, we **cultivate relationships** that are intimate with Christ, active in the church & loving the community.
