

1. Thinking back on this week's sermon, was there anything you heard for the first time or that caught your attention, challenged, or confused you?
2. Is it ever appropriate to look for sin as a cause of physical illness today? If so, when and why?
3. What role did the man's physical participation play in his healing? Does this have any application for the modern Christian?
4. How would you respond to someone who read this passage and said that they could never worship a God who caused suffering for His glory?
5. Verse 5 seems to indicate some kind of change in Jesus when He is in the world compared to when He is not. How does this fit with Hebrews 13:8?
6. Share a time when you came to see how God used the suffering you experienced for God's glory and man's good.

Take extra time this week to pray and fellowship with one another as the Life Group semester begins.
