We will see evidence that Jesus is not just a myth but is an actual historical person. We will take a closer look at His deity and role in eternity; His ministry in the Old Testament; His extraordinary birth and why it was necessary; His two natures; His heart and humanity; His miracles and teachings; His death and incredible resurrection; His present ministry and how we can relate to Him now; His return and our relationship with Him in His Kingdom. This class will be taught by Dr. Mike Powell at 10:45 during the second worship service in room 130.
